Get Away From the Big Crowd! Make a Little Crowd of Your Own by Joining the Next Personally Conducted South Coast Excursion

Leaving Pacific Electric Station
Sixth and Main Streets, 9 A. M.

Thursday, July Three

Make Your Reservations Early. We Had to Turn Some Eleventh-Hour People Away at the Last Excursion

Fare Only One Dollar Including FREE Auto Rides and FREE Launch Rides. And Don't Forget That Tickets Can Be Secured Only at the South Coast Information Bureau, 623 South Spring Street.

An Excellent Fish Dinner Will Be Served at Huntington Beach for 25 Cents

Passing through Naples, the first stop will be at Bay City, where a ride will be taken on the new electric line along the water front and to the new pavilion; at Sunset Beach launches will be available for a ride on the winding lagoon; at Huntington Beach luncheon will be served, and autos will take the excursionists for a sight of the famous "back country." Stops will be made at West Newport, Newport Beach, East Newport, and Balboa Bayside. The final stop will be at Balboa, where special arrangements have been made for the entertainment of visitors. Launches will take the party over the smooth waters of Newport Bay, around Balboa Island, with the cliffs of Corona del Mar forming an entrancing background.

Returning the tickets are good for seven days for those who desire to remain over at Balboa.

For Tickets and Further Details Call at

Mind Unbalanced by Drink.

The above headline appeared over a news item. It would not have appeared if this drink poisoned man had been sent to the Neal Institute and had taken the Neal Habit Treatment. In three days he could have returned to his home a "free man"—free from the awful craving for drink, the satiating of which unbalanced his mind. Don't drink until this occurs to you—or permit those depending upon you to do so—but go to the Los Angeles Neal Institute, 945 South Olive street, or 160 Hill Street, Ocean Park, California, and be freed from the craving for drink in three days by a safe, sure internal vegetable treatment. Hypodermic injections are never used. The Neal Habit Treatment can be arranged for those who desire it. Call, write or phone for book of information and references. Phone Broadway 4603 and A4073. Drug Habit successfully treated.

INVOLVES REALTY AGENT.

Chicago School Teacher Divorces Husband Who Debauched Her to Come to California.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, July 1.—(Exclusive Dispatch.) To clear his calendar of default divorces before the vacation period begins, Judge Richard S. Tutthill, in the Circuit Court today, heard twenty-six of the uncontested cases. One of the successful applicants for a decree was Mrs. Celinda B. Abbott, a teacher at the Modill High School. Willis S. Abbott, now in California promoting a real estate scheme, deserted her in June, 1910, she said.

"We were married January 3, 1901,"

during the Christmas school vacation," Mrs. Abbott testified. "My husband was in business, but he drank up nearly all of the money he earned and never properly supported me."
"Why did he leave you?" Judge Tutthill asked.

"He was in debt and wanted to get away from his creditors," Mrs. Abbott replied.

She has been a school teacher for fifteen years, Mrs. Abbott told Judge Tutthill.

SEEKS CAR-WHEEL DATA.

Secretary of Commerce Redfield Starts Investigation to Determine Cause of Railroad Accidents.
(BY A. P. MORT WIRE TO THE TIMES.)
WASHINGTON, July 1.—Secretary Redfield today instructed the Commerce Department's bureau of standards to make a study of railroad accidents resulting from broken car wheels and axles. He expressed the opinion that such an investigation would have great effect upon the action of those responsible for such accidents. The secretary decided to make the investigation as the result of data gathered by the Interstate Commerce Commission, which showed that during the eleven years, 1902 to 1912, inclusive, about four times as many wrecks were caused by broken car wheels as by broken rails and that wrecks from broken axles were half again as numerous as those from broken rails.

Home Rule Wins Again.

LONDON, July 1.—(By Cable and A. P.) The home-rule bill passed the committee stage in the House of Commons last night automatically. The opposition loudly protested and challenged division, which resulted in a vote of 120 to 143 in favor of the bill.

"We were married January 3, 1901,"

"We were married January 3, 1901,"

M'REYNOLDS EMBARRASSED

Swamped by Demands to Mann Act Prosecutions.

Would Rather "Bust Tramps" in Spectacular Way.

Mulhall Disclosures Fall Flat in Washington.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, July 1.—(Exclusive Dispatch.) One of the probable results of the McNab case, which is now before the administration much concerned with the adding of tremendous burdens to the already overworked and overmanned Department of Justice, may have been said even yesterday, however, about this matter the officials most directly concerned. It is learned that great pressure has been brought to bear to have the government enter upon a prosecution of cases involving delinquencies under the Mann White Slave Act.

That the Department of Justice is a natural assumption from the fact that the McNab case has been pending for several days. It is a situation which would try the patience, almost to the point of breaking, of the McNab case, which has been pending for several days. It is a situation which would try the patience, almost to the point of breaking, of the McNab case, which has been pending for several days.

REPORT KAHN RE BUT HOUSE WILL NOT WASHINGTON, July 1.—(By Cable and A. P.) The House Judiciary Committee today rejected the McNab case, which has been pending for several days. It is a situation which would try the patience, almost to the point of breaking, of the McNab case, which has been pending for several days.

ABORIGINE AS A MISSIONARY.

Full-Blooded Apache Carries Gospel to Savages.

Pillar of Faith Among Bolo Men and Head Hunters.

Indian's Vivid Story of His Work in Philippines.

The Indian as the missionary and not the missionary as a new phase of civilization has added to that race in its dying day William Abel, a full-blooded Apache, who for eleven years has been carrying the word of the Gospel into the Philippines and who has just come back from there to visit his old home, to mingle again with his own people, is the exemplar.

Abel is true to type, a tall, straight-as-an-arrow Indian with head of heavy black hair, outstanding cheek bones and every physical characteristic to delight the heart of a Remington. The tropic sun has shaded his color from red to a coffee-brown, but otherwise he has lost none of the peculiarities of his race.

Unlike the ordinary Indian, he is able to express himself well in words. He has a peculiar gift of oratory, the kind that in aboriginal days would have influenced the warrior, that would have raised him to the plane of Pontiac or Powhatan in swaying the tribes, either for peace or for war. "It was difficult at first to make them understand the ideas of Christian life, of brotherly love, to make them realize that we are not born to sin, but gradually they came to believe and many of them are now firm in their faith," he said.

At the Peniel mission yesterday he told of his work among the natives of the island of Mindanao, of holding services in sawmills and in prisons, of having the house stoned in which he was giving instruction and of the many obstacles that were placed in the path of his missionary labors by other creeds. He described the founding of missions at Tituan, Manichen, Bagan, Carilian and other Philippine villages in simple and eloquent words.

Abel was born on the desert of Arizona and was brought up on the Mesa Grande Reservation. Sixteen years ago he came to work for a rancher at Ramona, and while following the great die plow over the broad acres just outside of Los Angeles, he says the light of a new life and regeneration came to him with a letter from the Peniel Mission. He forewent his one-time life and after a few years of study and probation took up the work in the Philippines.

After passing a few weeks with some of his nephews and nieces, who are residing near this city, and after delivering a few lectures on what has been done in the recently-acquired possessions of this country, he will return again to the islands.

William Abel, Apache missionary.

This full-blooded Indian, here to revisit old friends, is doing a remarkable work among the savage Filipinos.

HE'S A GOOD GUESSER.

Postmaster's Prediction for Increase of Business in June Over That of Month Last Year Ready.

In his estimate of the receipts of the local postoffice for June, the postmaster came within \$22.43 of guessing the figures for the month. He predicted there would be a \$20,000 increase over the corresponding period of last year. The exact amount is \$20,022.43, or 14.48 per cent. Receipts for June were \$160,871.56; for June, 1912, \$140,849.13.

The comparative statement of receipts during the quarters ending June 30, 1912, and June 30, 1913, follows: April, 1912, \$174,341.28; May, \$175,896.25; June, \$160,871.56; total, \$511,009.19. April, 1913, \$188,825.04; May, \$184,182.62; June, \$160,871.56; total, \$533,889.22; increase, \$22,880.03, or 12.67 per cent.

The receipts for the year ending June 30, 1912, were \$2,040,673.15; for the year ending June 30, 1913, \$1,767,983.54; increase, \$272,689.61; per cent, 13.35.

REVERSES FOR DEFENDANT.

Court of Appeals Finds for Y.M.C.A. Upholds Superior Court of San Diego.

The District Court of Appeals has reversed Superior Judge Dooling's finding for the plaintiff in the Machinery and Electrical Company's suit against the Young Men's Christian Association for \$1432.64.

The plaintiff sued to recover on a contract under which Hugh T. Duff, its assignee, agreed to furnish and install an engine room at the Y.M.C.A. at an expense of \$20,000 the final payment of \$5000 to be made thirty-six days after completion of the contract. It was claimed that the amount alleged to be due was an unpaid balance.

GRAND ARMY PICNIC.

Fourth of July to Be Marked by Patriotic Celebration of Gettysburg Anniversary in Sycamore Grove.

The Grand Army of the Republic will hold a great patriotic picnic in Sycamore Grove on Friday, which will be in the nature of a Gettysburg celebration. All veterans and their friends are urged to take their baskets and go there to spend the day. Bugle call will be at 11 o'clock, at which time the Veterans' Pipe and Drum Corps will make the hills echo with martial music of the kind that stirs the blood of patriots. Mayor Alexander will deliver an address on "Vicksburg," at the close of which dinner will be served in family groups, free coffee being supplied in abundance by the picnic management.

George C. Somers will be president of the day at the afternoon meeting and will introduce W. A. Chamberlain to read the Declaration of Independence. The address of the afternoon will be by D. L. Durand, under the title, "The Battle of Gettysburg," in which he participated and knows what he is talking about. J. D. Boyer will also speak upon the past and present of the Grand Army of the Republic. There will be singing of patriotic songs by the crowd and music by the drum corps throughout the day.

Men Welcome

Mother's Friend

A Duty that Every Man Owe to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a penetrating, external application that relieves all tension upon the muscles and enables them to expand without painful strain upon the ligaments. Thus there is avoided nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to come. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00. It preserves the mother's health, enables her to make a complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child.

Write to the Bradfield Regulator Co., 229 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers.

USED BY MILLIONS FOR 25 YEARS
GET DENT'S
ALL DRUGGISTS - 15¢

No Interest Charged Until March 1, 1914

You can buy a 5, 10 or 20 acre orchard homesite on Gibraltar Acres, located in the heart of the richest and most productive horticultural section of Southern California, for \$20 per acre down and \$5 per acre per month.

No Interest Charged Until March 1, 1914

Gibraltar Acres is proven fruit land and is acknowledged by experts to be especially adapted to the successful raising of olives. Olives are being contracted for 10 years in advance at \$250 per ton on the trees, and offer a source of revenue to the orchardist even greater than do citrus fruits.

It is because Gibraltar Acres offer unusual investment opportunity that approximately \$125,000 worth of orchard homesites were sold during June. This remarkable record had its inception in the latent wealth of Gibraltar Acres, located in a district without a crop failure, and destined to become the hub of a vast system of electric railways affording rapid transit to Los Angeles—the market center of Southern California and a large tributary area.

An inspection of Gibraltar Acres will convince you of the wealth-yielding properties of the soil and of its future financial possibilities. Visit the tract at our expense—52 miles east of Los Angeles on the main line of the S. P. R. R. Trolley to Riverside, 7 miles; other electric lines under construction that will cement Gibraltar Acres with Rialto, San Bernardino, Colton and Los Angeles.

PHOSPHORUS
ELIMINATED.

HENCEFORTH SESQUI-SULPHIDE
WILD TIP MATCHES.

Federal Law Which Went Into Effect Yesterday Forbids Use of Poisonous Combustible, to Which Thousands of Deaths Have Been Attributed.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, July 1.—[Exclusive Dispatch.] The manufacture of the non-phosphorus match began today.

In compliance with the Federal law prohibiting the use of the white phosphorus in the making of matches which was effective today, the local plant of the Diamond Match Company commenced the manufacture of a combustible which eliminates all danger to employees and the danger of poisoning to the consumer.

Although no cases of "phossy jaw," which is the popular name for the disease of the phosphorus poison on the jaw bone, have been allowed to develop locally, thousands of deaths of match plant employees have occurred in the past and many more are expected to occur if traced directly to phosphorus poisoning. The new composition is known as sesquisulphide. It is non-poisonous even when taken into the stomach, so that

COAL MINERS STAY OUT.

West Virginia Workers Fail to Get Word of Agreement Under Which Closures Are to Resume.

(BY A. F. NIGHT WALK TO THE TIMES.)

CHARLESTON (W. Va.) July 1.—Although coal operators and miners' officials of the New River coal field ratified terms of an agreement yesterday to prevent a strike, practically all the men in the field remained out today, many of which had been met for general strike. It is said word of the agreement had not penetrated the various mining villages.

It is believed, however, that all the men will have resumed their duties by Thursday.

Miners in the Paint and Cabin Creek districts are reported as practically all out today as a result of a new strike called by the United Mine Workers' union.

DOCTORS SCORE ICE STRIKERS.

Cincinnati Academy of Science
Adopts Resolutions Demanding Municipal Plants.

(BY DIRECT WIRE TO THE TIMES.)

CINCINNATI, July 1.—[Exclusive Dispatch.] Late developments tonight in the ice strike are that the settlement looked for in view of the arbitration board has fallen through and ice manufacturers will not concede an inch.

At a meeting of the Academy of Medicine the members denounced the whole affair, and adopted resolutions calling upon the city for municipal ice plants and if necessary to invoke the powers of the State. The situation is growing more serious. Over a hundred appeals to outside sources for ice brought no reply today.

ter With Railroad Bonds in His
Husband's Name on Wedding Day
(BY A. F. NIGHT WIRE TO THE TIMES)
ST. LOUIS, July 1.—W. C. McBr
of St. Louis gave his daughter, Laura
Elizabeth, \$50,000 in railroad bonds
as a wedding present, when she was
married last night to Capt. Birch
Oliver Mahaffey, U.S.A.
The bride and groom made out in

haffey and his bride will sail for Hon
olulu next Saturday.

LOVETT SAILS FOR EUROPE.

Says Points Still Pending in Dis
solution Proceedings Can Be Ar
ranged Without His Assistance.
(BY DEANCK WIRE TO THE TIMES.)

NEW YORK BUREAU OF THE
TIMES, July 1.—[Exclusive Dis

will be here tomorrow today on the "Rotterdam," to be gone until the middle of September for a rest. His health has been considerably undermined by the contracted strain imposed by the protracted dissolution negotiations. Commencing with the decree of the court, Judge Lovett said:

"The only undetermined points now in regard to the dissolution are the price at which the beneficial certificates will be offered and the time of offering. These points, together with the arrangements for the underwriting, can be arranged without my assistance. I am glad the problem is solved."

OPTIMUM CONFERENCE RESUMES.

Forty-four Nations, including the United States, Represented in Second Convention at The Hague.

THE CONFERENCE

Delegates gathered today for the resumption of the second international opium conference, which was opened by the Foreign Minister of the Netherlands, J. van den Broek, and by Mares Van Swinderen, who accepted the honorary presidency.

Among the delegates were four from the United States: Lloyd Bryce, American Consul General in the Netherlands; Dr. Hamilton Wright of the State Department; Dr. Gerrit J. Koelen of Michigan and Gerald Seldom Riddle.

The work of the conference is limited to the ratification of the international convention drawn up in 1923, although all the States invited to join in the conference in that year have not signed it.

FIGHTS HITCH-HEATHY PLAN,
WASHINGTON, July 1.—Eugene J. Sullivan of San Francisco, who

ports of a water shortage in San Francisco were false and made "for political purposes, telegraphed to Chairman Ferris today that he would appear and testify before the committee on July 7. Sullivan represents the Blue Lake Water and Power Company.

Reducing the High Cost of Living by Bringing Producer and Consumer Into Direct Communication.

ceived this afternoon when the Mayflower was reported "steaming down the bay."

When he started away this morning, the President left all his official cares behind and expected to keep the nation's business out of mind until he returned, Thursday evening.

"POLLY" OF PASADENA IS STILL AT HEAD OF SCORE.

Frances Geach Goes Up One Place — Little Ailyn Clancy Follows Close — Long Beach Boy Scores. Thirteen Sticks Young Moody — Walter Little Doubles Score — Ten in the Scoring Lines — New Names.

TALLY AT CLOSE OF SECOND DAY'S SCORING.

1. Edward Polyzoff, No. 57 West Villa street, Pasadena.....	5100
2. Jerome Waller, No. 232 North Flower street.....	5100
3. Walter J. Little, No. 1234 Berkeley street, Santa Monica.....	3000
4. Frances Geach, No. 4127 Moneta avenue.....	3125
5. Ailyn Delilah Clancy, No. 1414 Neola st., Eagle Rock Park.....	2025
6. Leo Moody, No. 1214 Fourteenth street, Santa Monica.....	1200
7. Earle S. Waller, No. 1106 Locust avenue, Long Beach.....	900
8. Cora M. Rosburgh, No. 3719 South Vermont avenue.....	800
9. Melba Hackney, No. 2447 Cincinnati street.....	625
10. Hazel Riley, No. 2533 Malabar street.....	200

The second day's round-up found "Polly" of Pasadena still holding firmly to his place at the top of the list in spite of the efforts to oust him. His big number on the first day enables him to hold his adversaries at arm's length.

Walter J. Little, the Santa Monica scorer, doubled his score in one single day and set the other boys in that locality to guessing. Walter, it seems, was an automobile in the Elks' gambol, last winter, and he spends around in his machine and gathers up subscriptions while his opponents are not looking.

Leo Moody of Santa Monica was not heard from since yesterday, but the rumor came in that he was attending the First M. E. Sunday-school picnic in Laurel Canyon and he doubtless reminded his friends there that he was a scholarship contestant. Look out for Leo tomorrow! He is likely to turn in something which will be a surprise and which may juggle the score.

Frances Geach, the little Suffragette, went from fifth to fourth place, clearing the big Santa Monica boy's mark by one. This does not reflect upon Moody at all, but goes to show that the suffragettes are formidable in a scholarship contest as elsewhere. They put the masculine folk upon their mettle.

What was the matter with Ailyn Clancy when it came to multiplying scores? Ailyn multiplied hers by six and then more! She went from 235 up to 2025 at a single bound. Hurrah for the girls! They will lead those boys a merry chase before the contest goes much farther.

Earle Waller of Long Beach came near touching the thousand mark with his first score, but he was reminded of Santa Monica that it was not the only place on the beach.

A new girl to score was Melba Hackney, of Hollywood Heights, who brought in a half-dozen hundred and more.

News came into scholarship headquarters yesterday that Hazel Riley was working like a little Trojan, going up one street and down another, scribbling in hand, so we shall probably hear from her again in a day or so.

SOMETHING ABOUT THOSE WHO SCORED.

We have told about the ambitions of the boys at the head of the list, and it is time to say something about the girls.

Frances E. Geach is a daughter of Mr. and Mrs. W. M. Geach of No. 4127 Moneta avenue, city. Miss Geach was born in Colorado Springs, Colo., and is about 14 years of age. She has always made good average in school, graduating from Normal avenue school in 1911 and entering Los Angeles High in 1912. This ambitious girl will enter the second year of Manual Arts High School this fall. She is a member of the Second Church of Christ Scientist Sunday-school. It is the avowed intention of this progressive young lady to enter the Los Angeles bar, and with this in view she feels that she must win the opportunity for a course at Stanford or Berkeley. No doubt so ambitious and energetic a girl will find many friends disposed to help her to fulfill her aims.

Ailyn Delilah Clancy is a little artist but 12 years of age. She is a bright girl and took first prize in the nature exhibit at Grand-avenue school for her drawing of Eagle Rock. At the close of the school year she was chosen from among all in her school to take lessons in art at the Olive-street school for eight months. Needless to say, Ailyn wants an art scholarship and has her eye on the Los Angeles School of Art and Design.

Cora M. Rosburgh is very ambitious to obtain a college education and hopes to win the cash prize of \$1000 offered for this purpose. Cora is considered one of the brightest pupils in the eighth grade of the Thirty-second street school. She is the granddaughter of Harry Rosburgh, an employee of the city of Los Angeles. She is 16 years of age and has lived here four years, coming here from Missouri, where she was born.

"I wish to go to California for that week's vacation," said Maurice Johnson of Coronado Beach, when he enrolled. By the way, a good many are working for that Catalina vacation trip. It is worth working for, too! An entire week at The Times Camp on that beautiful island is something to covet. And, as you all remember, that is practically one of the gratuities of the contest. We say "gratuities" for it is based upon a minimum number of points, only 25,000, and that number almost anyone can score if he or she works at all. Everything will be free, and the enjoyable camp and the fine cooking, as well as the amusements, will be at the disposal of all who work in this contest and come

ENTRANCE BLANK.

I desire to enter THE TIMES EDUCATIONAL CONTEST, and ask you to send me the necessary subscription blanks and any other information that may assist me in my efforts to secure one of your valuable scholarships. My age is years.

Name

out anywhere in sight of the other contestants.

A FEW BUSINESS POINTS.

About sending in the subscriptions and the money therefor.

Those out of town may send subscriptions and money by money order, by check, or by Wells-Fargo Express at the expense of The Times. First have the resident agent verify as to new or old subscribers.

Those in the city should send in to The Times Office both money and subscriptions, and the score should be in time to get into the morning paper, each day, if possible. Scores to be counted in the day's list must reach scholarship headquarters by 5 o'clock p.m.

When additional subscription blanks are needed they will be rushed to you, on request, but it is of course, to your interest to keep enough ahead so that you will not be obliged to wait.

Two new names were enrolled yesterday: Frances Dunning of Anaheim, Cal., and Mae Carlier of Fullerton, Cal.

The two new girls enrolled yesterday.

week, for it is by no means too late to enter.

It will be observed that several new scholarships have been added to the list of prizes, thereby adding to the value of the contest, by several hundreds of dollars, and thus still further insuring the participants rewards for their faithful work.

For the benefit of those who still wish to enter the contest, and again we would say that IT IS NOT YET TOO LATE, we print the terms and list of the prizes.

THE TERMS.

The prizes and scholarships go to those who lead in securing subscriptions for The Times.

Whoever gets the most points will secure the cash prize of \$1000. The one coming next gets the \$500, and so on down the line.

Every contestant must work royally setting subscriptions to The Times, and when the end comes those leading in the competition will have the choice of scholarships in the order of their standing. The best workers will be the winners.

Every boy and girl entering the race has a chance to win a scholarship.

THE PRIZE LIST.

The list of prizes is as follows: Cash prize, \$1000 to defray expenses of a course at Berkeley or Stanford.

Second prize, \$500 in gold.

Third prize, \$250 in gold.

Fourth prize, \$125 in gold.

Fifth prize, \$62.50 in gold.

Sixth prize, \$31.25 in gold.

Scholarships already arranged for are:

San Diego Army and Navy Academy, value \$500.

Los Angeles Business College, two scholarships, one-year term, value \$125; one eight months' term, value \$100.

Egan School of Music and Drama, forty weeks' term, value \$100.

Los Angeles Conservatory of Music and Art, three scholarships, one piano course, value \$150; one piano course, value \$100; one violin course, value \$100.

Los Angeles School of Art and Design, two scholarships, each valued at \$150.

William School of Music, two scholarships, value of each \$100.

Huntington Hall School for Girls, Oceanside Park, South Pasadena; Miss Florence Howell, principal.

California Commercial College, two scholarships, one-year term, value \$125; six months' term, value \$75.

Holman Business College, two scholarships, one fifteen months' term, value \$125; one twelve months' term, value \$75.

Jean de Chauvenet Conservatory of

ROY HITT DOWNS OAKS WITH SINGLE IN EIGHTH.

Drives in Only Run of the Game With Two Out. Spoils Fine Performance for Jack Killip, Who Holds Tigers to Three Hits—Litchi Starts the Rally With Double and Then Crosses Plate.

BY HARRY A. WILKINS.

PAUSE in your base-stealing and reflect on the uncertainty of the great national game. Roy Hitt, a fat gentleman with a batting percentage of .144, made his seventh hit in three months yesterday, and thereby signs the story of a pitcher winning his own game. Roy's punch was one of three made off Jack Killip. It landed in the eighth inning with two out, and sent Bill Litchi scrambling in with the only run of the game. Jack never did care much for fat people, anyway. Now he positively hates them. Thus, Oakland's first attempt to regain some of its departed prestige at the expense of Ray Hitt's Tigers was unsuccessful. Hitt was slammed three times off Jack Killip—yes, three and a third times as often. He was punctured for ten hits, but, as he wiggled through with a shuflet, and then paddled out his own victory, it would be a mean man, who would

VAN COURT SAYS WILLIE RITCHIE LOOKS OVERDRAWN

Champion Did Not Have the Ginger He Should Have in Perfect Condition for a World's Championship Battle—If Joe Rivers Is at His Best and the Fight Is Held, There May Be a New Champ.

BY DE WITT VAN COURT.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, July 1.—[Exclusive Dispatch.] A good-sized crowd visited Willie Ritchie at Billy Shannon's training quarters yesterday afternoon at San Rafael, and most of them came away guessing about his condition and chances with Joe Rivers.

He started off with a round of rope skipping and followed it with two rounds at the light bag and gave one of the fastest and best exhibitions of bag punching I have ever seen in a gymnasium. Willie then took on four boxing partners for two rounds each and worked them all hard. While none of these boys had any particular class, each had a different style and gave us a good line on Willie's boxing and condition.

His judgment of distance was perfect, also his judgment of time. He hit hard and fast with each hand, but it was noticed that he did not move around much on his feet.

EASY TO HIT.

This was not necessary against the men he had boxed him, but he showed a lack of speed in this respect. Eddy Weiler, 115 pounds; Kid Norrell, 126 pounds; Henry Hickey, 130 pounds; and Joe Amador, 134 pounds, were the boys he boxed. Hickey and Amador handed out the rough stuff and Weiler and Norrell the clever boxing. Norrell was by far the cleverest of the lot. All of these boys are in the four-round game up in this country and are no better than many of our southern boys. But it was noticed that each and every one had little trouble in hitting Willie with straight left-hand blows to the face.

This seemed to be Willie's weakest point.

LOOKS OVERDRAWN.

Harry Foley gave out the statement that Willie weighed 134½ pounds. Harry has the reputation of being one of the best trainers in the country.

seen in action since his draw battle with Mike Doll, will take on the Fighting Chausseur at 146 pounds.

Johnny Schneider, who has deposited a forfeit to meet Johnny Arroun, will content himself with a whirl with Peck's Bad Boy at 122 pounds.

Frankie Smith, who comes from San Francisco with a string of good performances to boast of, will meet Mickey Sullivan or Frank Dolan at 115 pounds.

Rube Waddell and Cliff Reid of Ocean Park will be the first on the programme at 124 pounds.

FINE FLYING FISH. J. A. Cox of the Tuna Club has had a flying fish mounted and it is now on exhibition at the Tufts-Lyon store on South Spring street.

It is a novel thing, for but few of these strange fish have ever been mounted, even by the most expert taxidermist, for their skin is almost as "tender" as wet paper. The fish is well worthy of inspection by any lover of strange creatures.

Charley Kirby, who has not been

DONAHUE WILL APPEAR AGAIN

Has Been Training Quietly in Mornings.

Thomson Gradually Rounding Into Shape.

More Competition This Time Than in Past.

James Jiggs Donahue, all reports to the contrary notwithstanding, will be there with bells when the big all-round meet starts July 12. James, who is of a somewhat reticent disposition, has not been announcing from the housetops that he was training for the big event, but just the same, the grand old man is out every morning, digging away at the cinders with the old spikes, and he bids fair to give a real exhibition of coming back.

Although several of the athletes who were expected to compete have failed to send in their blanks, the committee is sure that the competition is going to be of the keenest, and it certainly does look as though there would be some great work done. In most of the all-round meets lately, the last one, for instance, there has been one good athlete, Jim Thorpe. In this case, and one or two other adventurous souls who quit moving forward in order to provide rather questionable competition for the star performer.

STAR PERFORMERS. Last time, however, there are several star performers. And it is not going to be a case of Jim Thorpe first and the rest nowhere. Fred Thomson, the present world's record holder, is of course, the logical choice for first place, but Jim Donahue has given him a mighty close run for his money before this time, and Mike Kelly and Morris of the Olympic Club are not to be sneezed at in this all-round stuff.

In the meet at New York in which Thorpe set up the record which stood until the former Occidental athlete broke it, the recking trotted off with every first place by such a large margin that it was a mere formality to announce that he had finished in front. In the coming mile rivalry, he will not be at all surprising to see that the winner had won only half, or less than half, of the first places.

Thomson is a genuine all-around man, being good in everything. Donahue is good in the short runs, hurdles and sprints. Kelly is a best in the weights, and Morris is another sprint artist, so that it is not at all likely that Thomson, or anybody else, is going to run away with all the first places.

The addition of Eddie Beeson and California and Stanford would boost the interest in the meet considerably, as both of these are all-around stars, and would appreciate a little rest from the jumps and hurdles, while Campbell is a specialist of the sprints, but is also a good man in the field events.

FRED ROUNDS TO FORM. Fred Thomson, the former Occidental star, is taking life rather easy, but gradually rounding into shape for the big event. Thomson, like Donahue, is always in good shape, and only needs to practice the hurdles and weight events for form.

Donahue is training largely for stamina in the long runs. James has been in the game for fourteen years, and would appreciate a little rest from the toll of training, but has at last consented to take a last fling at the all-round stuff. He has been training on the quiet in the mornings, and is rounding into fine shape, so that his followers need not worry about his making a good showing.

The addition of the three special events on the programme will prove a welcome change from the usual run of things. The 100-yard dash is sure to prove a hummer, while the five-mile run will give the young gentlemen with the big lungs a good big nerve a chance to show what they can do. The mile relay is always the most exciting event on the programme and it is sure to be a feature of the meet.

SACRAMENTO THE GOAL OF INTERCITY RACERS

All Quiet Along the Firing Line and Barriers Raised by Every County Between Starting Point and Finish at Capital—Greer at the Helm—Race Headquarters Transferred—Final Meeting of Drivers.

BY BERT C. SMITH.

STOCKTON, July 1.—[Exclusive Dispatch.] Sacramento gets final word of the Panama-Pacific Road Race. D. W. Carmichael, president of Chamber of Commerce, and Stockton officials are agreed on this. Committees are pulling together. Action taken as result of hay contest enforcing speed laws.

P. H. Greer, who is now in charge of the road race at the Los Angeles end of the line, stated positively last night that the finish will be at Sacramento. The headquarters of the Race Committee was yesterday transferred from L. T. Shettler's office to the Greer-Robbins Company at Fifteenth and Flower streets, and P. H. Greer is the man who will give all information regarding the race.

"The race will be from Los Angeles to Sacramento," said Committee man Greer last night. "The start will be at Eleventh and Figueroa streets. There will be a meeting of the drivers tomorrow morning at 10 o'clock and the final instructions will be given then by Referee George Purdy Bullard. The race will be a grand prize motor battle from the start to the finish."

Sacramento is the goal of the Panama-Pacific road race. The Fair Grounds in the Capitol city is the final control of the long grind and the speed limit has been lifted in every county along the route. The intercity race, in spite of its many obstacles, is to be a battle royal from the start to the finish.

On Their Way.

CRICKET MATCH JULY FOURTH.

GOLDEN GATE CLUB TO PLAY AT VINEYARD.

Los Angeles Cricket Club Has Big Job on Their Hands to Get Grounds Ready for Match—Local Experts to Meet This Morning to Discuss Plans for Game.

A wireless message has just been received by Ernest Black, secretary of the Los Angeles Cricket Club, stating that the members of the Golden Gate Cricket Club leave San Francisco this morning for Los Angeles by boat, and will play the locals at Vineyard on July 4.

Black has called a meeting at room 223 Exchange building at 9 o'clock this morning to make final arrangements about having the ground cleared, selection of the team and for the purpose of purchasing cricketing paraphernalia.

The locals have undertaken a gigantic task. The ground at Vineyard resembles a stubble field and garbage dump combined. The pavilion has been burned to the ground with all it contained in the way of bats, balls, pads, stumps and an expensive matting. Since the destruction of this pavilion the members have been in a state of apathy, only a handful showing a little interest in the welfare of the game.

The Golden Gate are a fine bunch of cricketers, and considering that only one practice game has been indulged in by the locals since May, the newcomers stand a chance of giving the southerners the best beating since cricket was established in the Southland.

Slack's office is Room 223 Exchange building. Both phones are at the service of the players. If these will communicate with the Secretary Los Angeles may be enabled to put a strong team in the field to down the San Franciscans.

**HAGGARD EYES
SEE SUNSHINE.****LARSON ARRAIGNED; THEN HE
SHRINKS BACK AGAIN.**

Alleged Casa Verdugo Wife Slay-
er Taken from Jail for First Time
Since His Arrest—Aids Delay of
Preliminary to Communicate With
Friends in Canada.

Haggard with anxiety, Louis A.
Larson, alleged wife-murderer, ap-
peared in Justice Summerfield's court
yesterday morning for arraignment.
Preliminary examination was set for
the 15th inst.

Larson asked for this length of time
in which to write to relatives in Can-
ada, who may help him to get a law-
yer and make a defense.

"I don't want to talk about my
case," said Larson, suspiciously, when
several newspaper men gathered near
him. "I have nothing to say and you
can be sure I shall not make any
statement, for there is nothing to con-
fess."

After arraignment, the alleged
murderer made temporary arrange-
ments with Attorney Craig to look
after his interests. The lawyer said
he would not allow his client to talk
about the case until he and his client
had gone thoroughly into every detail
of the killing of Mrs. Larson.

Yesterday was the first time Lar-
son has been out in the sunlight since
his incarceration. He told Deputy
Constable Benjamin, who took him
from the County Jail to the courtroom,
that he did not fear the outcome of
his case, but greatly disliked being in
jail.

"Very naturally you feel that way,"
replied Benjamin, dryly.

Larson tried to find out how his
friends felt towards him, and ap-
peared depressed when informed that
most of them believed he deliberately
deceived his wife into the Glendale
hills for the purpose of killing her.

Deputy District Attorney Haggard
said yesterday that the evidence, in
his judgment, is very strong, and suf-
ficient to justify a verdict of murder
in the first degree with hanging as
the penalty. The prosecutor would not
admit that a hope of life imprison-
ment will be given to the accused in
case the man makes a full confession.

The woman who supposedly sup-
plied the motive for the alleged mur-
der has not been seen by Larson nor
inquired about him, as far as the
deputies in the Sheriff's office can
learn. If possible, she will hide her
identity until the consummation of
the case. One of the deputies said
yesterday that a court trial will bring
her into the limelight quickly enough.

Shield Name.

**POLICE LOCATE
MYSTERY WOMAN.****IN PENDELL'S OFFICE ON THE
AFTERNOON OF KILLING.**

Detectives Gradually Fixing Exact
Time of Slaying—Man Who Saw
Blonde and Escort Leave Room
Declares Woman Quizzed at Cen-
tral Station Not the One.

A woman, whose name is withheld
by the police, came to Central Station
yesterday and told Capt. Plummer
that she was in the office of Charles
E. Pendell as late as 1:45 o'clock the
afternoon of the unfortunate money-
lender was slain. So far as has yet
been learned this woman was the last
to visit the dingy suite of the aged
victim up to the time the assassin-
robber entered on his mission of
crime.

This development narrows the field
down to a point now where the de-
tectives feel that they know almost
to the minute at what hour Pendell
was slain. Attorney Fuentes, who
told of having seen a blonde woman
and a middle-aged man leave the of-
fice of Pendell, after looking at the
woman who came to the station yes-
terday was certain that she was not
the one he had seen on that oc-
casion.

Finger-print experts were engaged
during the day in eliminating the
fingerprint impressions of those persons
known to have handled the effects of
the murdered man subsequent to the
discovery of the crime. It is
hoped in this manner to narrow the
investigation along this line down to
the marks left by the murderer.

Impressive funeral services were
held yesterday over the remains of
Pendell. Banks of roses covered the
sill form while Rev. Baker P. Lee
of Christ Episcopal Church officiated
at the Brown chapel on Figueroa
street. The services were strictly pri-
vate, and few persons aside from
personal friends and members of the
immediate family were present.

THEY'LL BE ENTERTAINED.

Officers and Members of United
States Chamber of Commerce Di-
rectorate Here Two Days Next Week

The directors of the United States
Chamber of Commerce, which will
visit Los Angeles Friday and Satur-
day next week, en route to San Fran-
cisco for a meeting, is made up of:
H. A. Wheeler, president, Chicago; H. E.
Miles, vice-president, Racine, Wis.;
A. B. Farquhar, vice-president, York,
Pa.; J. N. Teal, vice-president, Port-
land, Or.; Elliot H. Goodwin, general
secretary, Washington; A. H. Averill,
Portland, Me.; Paul T. Carroll, Salt
Lake City; James G. Cutler, Roches-
ter; John H. Fisher, Boston; Homer
H. Johnson, Cleveland; W. M. McCor-
mick, Baltimore; John W. Phillips, Dal-
las; R. G. Rhett, Charleston, S. C.;
and T. L. Temple, Texarkana, Ark.
J. N. Teal of Portland, Or., the re-
maining director, will join the party
at San Francisco Friday, the 11th
inst. The party will be met at the
Salt Lake station at 7 a. m. by a com-
mittee from the directorate of the
local chamber, and escorted to Ho-
tel Alexandria; they will leave by spe-
cial train to the harbor at 3 p. m.;
luncheon at Jonathan Club; trip by
auto around the city, to the Country
Club and to the beaches, 3 p. m.;
speaker in the evening at the cham-
ber's quarters at 8 o'clock. On Satur-
day the guests will be taken on an
auto ride around city, leaving at 9
a. m.; also a trip to Pasadena and vic-
inity; luncheon by the board of di-
rectors at the Athletic Club at 1
p. m.; party departing for San Fran-
cisco at 3 p. m.

The harbor trip on the 11th will be
in charge of Chairman Bulla. The
speaker at the chamber's quarters that
evening will be in charge of Chairman
Bradner W. Lee. The auto trip
around the city and Pasadena on the
12th will be in charge of Chair-
man Brock.

ETHICS PUT A CRIMP IN IT.

Well Launched Plan for Organization.

Experts Pet Aversion to the Organizer.

Meeting Gets Started Only to Buck Cyclone.

A look two separate and distinct motions, threats of a third, the dis-
cussion of much political flimsy, the re-
sponse of the Los Angeles County
Association to play in Dr. C.
Diechmiller's yard, indefinite post-
ponement, rejuvenation, a liberal ap-
plication of dental gas—not laugh-
ing and charges and counter charges
ended with about three hours of in-
cessant oratory to organize in a
number of Commerce Committee
last night, the California State
Hygiene Association. When it
was all over and the convention had
been adjourned and there wasn't
any organization after all.

Dr. W. G. Ebersole, of Cleveland,
who is at the head of a national
movement for hygienic dentistry, ap-
peared. Dr. Conrad Diechmiller, of
Los Angeles, State organizer for Cali-
fornia. Dr. Diechmiller proceeded to
speak. He had advanced the cause
to a point where Roger M. Andrews
was elected temporary president.
Dr. Ingold, temporary vice-presi-
dent and the doctor himself tempo-
rary secretary-treasurer.
The next meeting was for the pur-
pose of making the organization per-
manent.

Dr. Diechmiller, according to the
report before the house, is persona
grata with the County Dental
board, which refuses to have any-
thing to do with sanitary kisser if
Diechmiller is in on the cut. Con-
sequently, the meeting was top-heavy
with tooth artisans from the society.
NOTION TO POSTPONE.

Before Vice-President Ingold, who
was in the chair, had got the parlia-
mentary wheels well greased, Dr.
Ingold poured grasshoppers
in the track with a motion to "indefi-
nitely postpone" any further action.
This was contributed a resolution
to the effect that the county and
state California associations had
been consulted and that so far as
they were concerned, there was abso-
lutely nothing doing. Ingold ruled
the resolution out of order, but the
motion to postpone indefinitely stuck
and was adopted with some evidence
of enthusiasm. That put the meeting
in a jam, and it adjourned.

In John F. Curran, president of
the Los Angeles County Dental So-
ciety, once called a special meeting
of the society, and the skids were
placed under Dr. Diechmiller
by the adoption of a resolution of
amendment to the national president
against the further participation of
Diechmiller in the organization and
requesting that further action on the
subject be postponed until after the
national convention, to be
held in Kansas City on the 9th.

Dr. Diechmiller, in his own defense,
declared that charges had
been preferred against Dr. Diechmil-
ler, and that he was not a member
of the society at a later date. It is
stated by members of the organiza-
tion that these charges are ethical
and are not intended to reflect on Dr.
Diechmiller's professional ability.

Dr. J. Elton Lang, secretary of the
society, declared that charges had

EQUITABLE BRANCH

First and Spring

Court Clears a Way.

Continued from First Page.

sacrificing the \$25,000 he had placed
in escrow to bind the bargain and
withdrawing cashwise to one side.
COMPLICATIONS.

It was a hopeless tangle that pre-
sented itself after the Doheny crawl.
Dr. Walter Funderberg of Pasadena
had a claim of \$116,000 in the shape
of a refund for payments he had made
toward purchasing the property. W.
L. Hollingsworth had held the option
taken by the Crown City capitalist and
was to have come in for the larger end
of a \$75,000 commission, the more
modest portion of which was to have
gone to Grant Q. Gillette as remun-
eration for helping engineer the sale
to Funderberg. Carl F. Schader, an-
other realty man, was in the deal with
both feet on account of having helped
Dr. Funderberg meet his installments
at a critical time and because of hav-
ing obtained from the latter an option
to purchase the fourteen miles of
coast line comprising 3500 acres or
more of the ranch.

The situation had been further com-
plicated by various suits principal
among which was an action by the
Palos Verdes Rancho Company, George
H. Bixby, et al., against Funderberg,
Schader, et al., to secure
quiet title to the ranch on account of
various agreements alleged to have
been unfulfilled by Funderberg.
Schader and Funderberg, in addition,
had had a little suit of their own on
account of the disinclination of the lat-
ter to deliver title to a syndicate
formed by Schader to buy the 2500
acres of coastwise property.

All these entanglements and others
had been engaging the attention of
several squadrons of lawyers before
Doheny's offer for the property. The
men of the law groaned and went at
it again after Doheny had welched.
The fold suits came to life with a bang.
It again became a question of whether
the Bixby family was to pocket the
installments paid on the ranch and
start out for new buyers or wait
longer for the purchase price to be
forthcoming.

As the thing stands now the court
decrees gives Funderberg an oppor-
tunity to recover all his losses by pay-
ing up or by selling the ranch to
someone else. The Pasadena man is
given sixty days in which to com-
plete the purchase of the property
according to his original contract. If
Funderberg cannot avail himself of
this new chance, then by court de-
cree Carl F. Schader and Owen S.
Adams are to be given an opportunity,
extending over a similar period,
to syndicate the property. If, as some
of those in touch with the deal de-
clare, Doheny is only waiting for all
the debts to fall down on the trans-
action so as to be able to step in and
make more favorable terms by dick-
ering with the owners only, he at
least cannot for four full months.

A prominent real estate man, who
has been identified with the deal
in an advisory capacity at one or two
of its stages, stated yesterday that
several capitalists and financial or-
ganizations capable of handling it
have tentatively opened negotiations
for the purchase of the property.
Among those named are R. C. Gillis,
Charles A. Elder, president of the
Los Angeles Investment Company;
Arthur H. Fleming, a wealthy Pas-
adena man; P. S. Stanton, W. L. Hol-
lingsworth and the Torrance-Marshall
interests. The same realty broker
expresses the belief that the ranch

will be actually sold within the next
sixty days.
The price at which Doheny was to
have bought the ranch was given at
the time at \$100 an acre for the entire
15,345 acres comprising the holding.
The interest that has accrued on the
several notes and mortgages involved
in the transaction to date, together
with the expenses of the litigation and
various other proceedings, has, ac-
cording to yesterday's court decree,
brought the minimum figure to be
demanded per acre to \$120. Seven
hundred acres of the ranch, com-
prising a portion of Bixby Slough, are
by the same decree restored to the
property for sale. This had been op-
tioned by Hollingsworth separately
from the rest of the property.

BIRTHDAY SURPRISE PARTY.

Man Who Found Himself at Union
Rescue Mission Greeted by Large
Company of His Friends.
Yesterday was the fifty-second
birthday anniversary of Charles W.
("Charley") Alexander, who is one of
the efficient clerks for the Title In-
surance and Trust Company. Some
years ago Charley "found himself"
down at the Union Rescue Mission on
Main street, since which time he has
been one of the most faithful and up-
tiring of its workers. Last night
after the usual meeting he was in-
duced to accompany Fred L. Benton
to his home, on the pretext of spend-
ing the evening with Benton and his
wife—Benton managing to find a long

14, Highland Park. The house was
all dark, but the moment they en-
tered, the lights were flashed on and
Charley was surrounded by fifty of
his friends. A dinner was served at

AUTOS COLLIDE; FOUR INJURED

Long Beach Meets Los Angeles in Crash.

City Attorney Provides Way of Raising Pay.

Inquiries from East Related to Bond Issues.

LONG BEACH, July 1.—A. B. Long, a lumberman, started this morning for Los Angeles in an automobile, accompanied by his wife, Mrs. George Brown. Two hours after his departure his sons received a telephone message from their father, telling him to bring a car to the party, all injured, home.

As soon turned into the White road on the boulevard he collided with a car in which were A. P. Long and S. T. Peet of the banks, Morse Company of Los Angeles and both machines were damaged.

Mrs. Brown was thrown out of the radiator of the other car and Mrs. Long, who was sitting in the bottom of her own car, both being badly shaken and bruised.

WANTS MORE MONEY. City Attorney Long in preparing estimates for his budget during coming year will ask the Council for \$12,000 more than last year.

Long says he is simply paying out the entire time to the city for his office on the basis of the charter amendments passed by the City Attorney, and that he is entitled to a salary of \$10,000 a year.

BOND NIBBLES. Some opposition has developed in the city to the proposed multiple bonds for civic improvements, the money market is so precarious that the bonds could not be sold.

RECALL TROUBLE. The recall election in the Fourth Ward against Councilman C. W. Smith has been set for August 1, the motion picture has been made by Councilman Smith himself, who announced to Mayor Chick that he wanted the Mayor and his henchmen to have every opportunity to lift his scalp if they can do it, in spite of the unfairness assumed from the start by the Mayor and his little clique against the Councilman.

MORE LIFE SAVERS. The summer season here has opened in full blast, the city has decided to lift the ban on the beach and now thoroughly patrolled from Golden Avenue to Golden Avenue.

THE DINDEN-VALENCE STATION. The Dinden-Valence station, the new station between the stations Ernest Scott and William Moeller are on duty. All the station have new boats and equipment.

NEWS BRIEFS. The information bureau force of the Chamber of Commerce realized that the summer season is on. The city is constantly besieged by inquiries seeking apartments or quarters for the summer.

Four Long Beach boys, who were the past year as a school team, T.M.C.A. quartette, have secured local success, will make a six week concert tour of Canada next fall.

Spent a restful Fourth of July at the end of the week at Carter's Coronado Beach columns.—(Advertisement.)

Only \$4 to Coronado and back.—(Advertisement.)

BUILDING AT MONROVIA. MONROVIA, July 1.—Inspector W. L. Eggleston has been to his books last night and found that the city has added \$10,000 to the building permits issued for the city for the first half of the year.

The second half year promises to be a record, judging from the first day's permits, which, with the first half, total \$21,000.

The residence is being erected by a Los Angeles firm, the contractors for F. M. Beardsley and his wife, which has heretofore been a strictly residential building.

One is being built by White Oak, and will be of reinforced concrete, with reinforced concrete sides and floor, hollow concrete roof.

When you want a fine dinner and perfect service go to the Coronado Beach.—(Advertisement.)

Story of the Day's Events Below Tehachapi's Top.

DRY AS DUST ON THE DESERT.

San Bernardino District Enters Era of Abstinence.

The Man Loses Life in Last Celebration.

Pacific Electric Loses in Big Damage Suit.

SAN BERNARDINO, July 1.—It is "dry" today on the San Bernardino county desert. All saloons and wholesale liquor houses in the First and Second Districts closed their doors last night except those in the city of Needles and Victorville.

San Bernardino District Enters Era of Abstinence. The results from the action of the supervisors last week in refusing to grant licenses except those in Needles and Victorville.

As yet been taken by the supervisors, it is probable the new ordinance will be ready for action some time this month, under which a number of the saloon men will be able to secure licenses and operate.

It is probable that Barstow and possibly one or two other towns will also take steps to incorporate and control the license question within their borders.

This is the first time within the past years of active life on the desert that saloons have not been as plentiful as necessary to quench the thirst of the desert denizens. So far as known, liquor houses failing to secure licenses closed their doors at midnight.

J. R. R. Barstow barber celebrated the last chance for a drink by going drunk and later dove over a high bank to sleep. He rolled down the railroad track and a switch caught him along and cut off his head.

He was rushed to the County Hospital in this city, but died on the operating table as the surgeons were trying to save his life. He will be buried.

PACIFIC ELECTRIC LOSE SUIT. Judge F. F. Oster, this afternoon was a verdict of \$3400 damages to the Pacific Electric Railroad for damages alleged to have been sustained because of the building of the line to Riverside along the front of his property on Colton avenue.

RECALL TROUBLE. The recall election in the Fourth Ward against Councilman C. W. Smith has been set for August 1, the motion picture has been made by Councilman Smith himself, who announced to Mayor Chick that he wanted the Mayor and his henchmen to have every opportunity to lift his scalp if they can do it, in spite of the unfairness assumed from the start by the Mayor and his little clique against the Councilman.

With the calling of the Fourth Ward election, the recalls in the Third and Fourth wards are under way, but the reaction is now settling in and the pendulum seems to be fast swinging to the other way.

The campaign carried on by the Chick followers has begun to kick back and here is every indication that both Councilmen Chambers and Smith will be returned to their seats by substantial majorities.

NEWS BRIEFS. The city authorities wish to consolidate the two telephone systems of the city. Just how to control that action is not yet determined, but the legal department is trying to work the problem out. The franchise of the Pacific Company will not expire for four years yet, while the Home Company franchise will run until 1915.

The secretary expansion of the various offices in the Courthouse is creating a serious problem for the supervisors. Additional room is needed for the Superintendent of Schools, the District Attorney, the Recorder, and others, and to accommodate them general changes are to be made. All the rooms in the Hall of Records to accommodate the Auditor have just been completed.

The Council after several hearings have agreed on an ordinance forbidding the keeping of horses in the city within fifty feet of a residence without first getting a permit from the Board of Health. It will probably be passed at the next meeting of the Council. The Mayor has been unable to secure a Board of Health, the physicians appointed having all failed to qualify.

Range accommodations at "Hotel del Coronado."—(Advertisement.)

RIVERSIDE BUILDING BOOM. July Promises to Go Down in Constructive History as a Banner Month.—(Advertisement.)

RIVERSIDE, July 1.—With plans practically completed for three attractive buildings of a business and non-public character, July promises to go down in local building history as one of the most active months.

Within thirty days the Riverside Contract Company expects to begin building on the erection of a \$35,000 building on Eighth street, near Market.

This figure is inclusive of improvements, including the site, about \$10,000. The plans were prepared by James H. Hargis of Los Angeles. The structure will be reinforced concrete, and fireproof throughout.

The Elks Building Committee is considering the plans recently submitted for the \$40,000 lodge home to be erected on Market street, adjacent to White Park. The Elks will make an investment of about \$35,000 in the property.

The contract has just been let for the \$40,000 two-story brick structure at the northeast corner of Eighth and Market streets by Mrs. Martha J. Kinney. The structure will be occupied by the Riverside Tent and Awning Company.

During the month should also see work started on the building proposed to be erected for the accommodation of the city's two public buildings, the lighting and water department.

Work still under way on the new building and First Congregational Church, structures whose approximate cost is close to \$200,000, and

JUDGE BACKS THE BOY.

Judge Denmore of the Superior Court comes to the rescue of a small boy whose custom it has been during the summer vacation to sell soda pop from a stand along the streets, following an order by the Council to the Chief of Police to see that the parking spaces are kept clear of such stands, where permits have not been issued, and that all vendors occupying private property pay the required license.

The judge's plea is based on the contention that boys whose spare time is occupied are not apt to drift into delinquencies, and as Judge of the Juvenile Court he argues that the best medicine is prevention, the conducting of a soda pop stand being a harmless occupation, if not representing the highest ambition.

PROCEEDING CAREFULLY. The Board of Public Utilities today arranged for the opening of a system of accounting in connection with the recently-acquired municipal water system, by securing the services of Burdett Moody of the Pasadena municipal water system and of Harry Baskerville of the Baskerville Auditing Company of Los Angeles. These experts will confer with City Auditor Prior in teaching the latest municipal child to toddle.

CHURCH IS PATRIOTIC. The services of the First Baptist Church last evening constituted a tribute to the flag, a special program having been prepared in connection with the unveiling and presentation to the church by the map's adult class of a handsome silk and tapestry flag.

Addresses were delivered by ex-Congressman M. J. Daniels and Attorney Hugh H. Craig.

"Hotel del Coronado"—American plan.—(Advertisement.)

GREAT YEAR FOR CATTLE. Continued shipments into Imperial Valley Will Consume the Unusually Large Crop of Alfalfa.

IMPERIAL, July 1.—There seems to be no let up in the number of cattle shipped into this valley to be fed. This will certainly be the greatest cattle year in the history of Imperial county. In addition to the expected 50,000 head that will be fed this fall the increasing dairy herds will add greatly to the number that the alfalfa fields must sustain.

With some of the cattle men of the valley it has been an open question as to whether its feeding capacity will not be overtaxed by the greatly increased number of cattle. This question, however, seems to have solved itself by the exceptional growth of feed in the fields. The additional acreage that has been planted to feed crops this year will, it is thought, unquestionably supply even a greater demand than that which will be made on the present crop.

SOCIAL PROBLEM. In great communities like the Imperial Valley—especially in those sections removed, as some of the sections of this valley are removed, from fifteen to twenty-five miles from any town, one of the greatest questions is now to break the common monotony of neighborhood life. This is especially a question where there is a degree of intelligence far

above the average as in many sections of this valley.

In several of the remotest sections of the Imperial Valley the people are settling this question very satisfactorily by the organization of literary societies.

These societies are meeting many of the demands of social intercourse, and the number will undoubtedly increase as their usefulness becomes more manifest. They are bringing about conditions that are, to say the least, very pleasant if not ideal. It is a question whether there is a section of the country, anywhere, in which the people, removed from the cities, are more abreast of the times than they are in the Imperial Valley, and no little share in this may be claimed by the various literary societies scattered over it. The country people here have set about systematically to make the communities in which they have chosen homes as nearly ideal as they can possibly be made.

Make reservations at Hotel del Coronado for "Independence" week of accounting in connection with the recently-acquired municipal water system.—(Advertisement.)

FULLERTON DECORATED. FULLERTON, July 1.—Two main streets of Fullerton have been appropriately decorated for the Fourth of July celebration, which will be held here this evening. All arrangements have been completed and an invitation has been extended to all the people of Orange county.

There will be an automobile parade and first and second prizes will be given for the best-decorated cars. At 1 p.m., there will be contests in football, ladies' golf, driving, tennis, basketball and tug-of-war. Suitable prizes will be given for all events.

At 3:30 p.m. there is to be a ball game at the High School grounds between the Placentia K. of P. nine and the Fullerton K. of P. nine.

At 7 p.m. a band concert will be given at the old High School grounds. At 8 p.m. will be the fireworks and confetti battle, followed by dancing. The celebration will be given under the auspices of the Fullerton Lodge No. 294, Knights of Pythias, for the benefit of the Fullerton Military Band.

Fishing competitions once a week at Coronado.—(Advertisement.)

ERCANBRACK HOME ROBBED. While Santa Barbara Contractor Is Being Taken to Jail for Bribery His House Is Looted.

SANTA BARBARA, July 1.—[Exclusive Dispatch.] C. A. Ercanbrack, the Santa Barbara carpenter, who offered Senator Works \$1000 to get him the job of postmaster, and for this attempted bribery, was sentenced by Judge Welborn of Los Angeles to pay a fine of \$150 and to serve two months in the County Jail, arrived here this evening in charge of Deputy United States Marshal Dingle. Quietly the elderly carpenter was taken to the County Jail by Sheriff Stewart.

The fact that Ercanbrack advertised his wealth in the newspapers through publicity in connection with his arrest is believed to have been responsible for a burglary at his home today. The thief secured considerable jewelry, but the loss will be small. It is believed that the burglar was attracted here by the wide notoriety Ercanbrack received.

HOW MRS. BROWN SUFFERED

During Change of Life—How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Iola, Kansas.—"During the Change of Life I was sick for two years. Before I took your medicine I could not bear the weight of my clothes and was bloated very badly. I doctored with three doctors but they did me no good. They said nature must have its way. My sister advised me to take Lydia E. Pinkham's Vegetable Compound and I purchased a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken twelve bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."—Mrs. D. H. Brown, 809 N. Walnut St., Iola, Kan.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

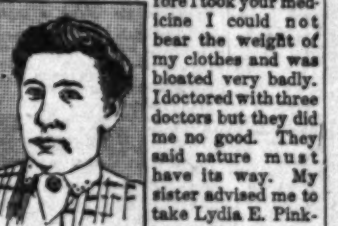

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

That despite winter's frost and resultant damage to the citrus crop there are other more or less unfavorable business conditions, the First National Bank of Ontario is in a prosperous condition is proved by the announcement today of the declaration of the usual 6 per cent. dividend. Furthermore, out of the accumulated and undivided profits \$10,000 was added to the surplus of the bank which is now \$25,000. This strengthens the status of the bank and adds to its already strong security.

At its annual meeting yesterday at the home of Mrs. George B. Sell, the Ontario Bethlehem Circle elected Mrs. S. C. Henderson, president, Mrs. George T. Barr, vice-president, and Mrs. George B. Sell, secretary and treasurer. During the year the women have sent more than twenty sacks of clothing, including over a hundred new garments for children, to the Bethlehem Mission of which Mrs. Dana Bartlett is the head in Los Angeles. This, besides liberal cash donations, and work along charitable lines in the city.

Ten dollars or ten days in the County Jail. And another word out of you and you get \$10 more for contempt of court," added Judge George R. Crane this morning, when J. Hayslip, arrested by Motorcycle Officer J. F. Brogan for riding a motorcycle at an excessive rate of speed with the muffler cut out, complained of the stiffness of the fine. Hayslip is the first to be sent to the County Jail, which requires mufflers to be used. He had been warned by the officer before arrest, but defied him. In court this morning he took the judge's tip and paid his fine before it was raised.

San Rechina, arrested recently by
